VIDEO: @Richard Heart (founder of HEX coin) Meets

1 on the show. Hex goes all around the world. So,  
2 welcome brother.

3 MR. HEART: Thank you.

4 MR. WEEKES: So, (inaudible) we'll start with  
5 you.

6 MR. HEART: All right.

7 MR. WEEKES: Last, we'll start with Miguel and  
8 then Gary. And now yourself.

9 MR. HEART: Hey, internet, how's it going out  
10 there? I hope you're not as sweaty and hot and bothered  
11 as us down here in Miami. It's hot down here, man. Too  
12 hot. I'm from around here. I'm from Fort Lauderdale  
13 originally. I lived here 20 years. I found a better  
14 place in Europe.

15 Yeah, man, I'm Richard Heart. I own the  
16 world's largest diamond. I've been in cryptocurrency;  
17 it went up in price a million percent, before staking,  
18 more if you staked it.

19 MR. WEEKES: Come to HEX, man. Yeah.

20 MR. HEART: Yeah, HEX.com. And then I got \$10  
21 million in wristwatches, the world's most expensive  
22 Rolexes ever made.

23 MR. WEEKES: Wow.

24 MR. HEART: Million dollar, thousand  
25 horsepower Ferrari. I've got like \$3 million in cars.

1 MR. GAINES: That's why you're here. Okay.

2 MR. HEART: Yeah. So, my mom's in South  
3 Carolina. I went up there, installed some bidets. I  
4 put it on Instagram, if you want to watch me install a  
5 bidet from scratch, 30 minutes. I've been in there  
6 installing a bidet, you know.

7 MR. GAINES: Yeah.

8 MR. HEART: (Inaudible) been there. So, you  
9 know, I grew up with nothing. I grew up with absolutely  
10 nothing. I went to all-black schools. I was lucky. I  
11 was in the gifted program. And they put the gifted  
12 program in an all-black school. It was trying to raise  
13 -- raise their averages or something, I don't know what  
14 the plan was. But it was Riverland Elementary just west  
15 of 95.

16 MR. WEEKES: Wait. So you're not black. I  
17 can tell, bro.

18 MR. HEART: I know. It's messed up. That's  
19 the whole thing, people call it code switching, but when  
20 I'm here, I talk like how I grew up, and then it's just  
21 it flips, it's just quick, you know. Anyway.

22 MR. WEEKES: Can you talk about how you grew  
23 up, real quick?

24 MR. HEART: This -- this is how I grew up,  
25 man.

1 MR. HEART: It used to be.

2 MR. WEEKES: -- now crypto's the number one  
3 thing.

4 MR. HEART: Just check the chart. I mean,  
5 it's real obvious. You got -- you got the most A Class  
6 companies in the S&P 500. If you go back 16 years, you  
7 get a 3X your money. You 3X your money or 2X your money  
8 in like, like 15 years. I think 2X in 15 years is what  
9 you would have got.

10 MR. WEEKES: Yeah.

11 MR. HEART: That's it. S&P 500 did a 2X in 15  
12 years. HEX did a 10,000X in 2 years, literally.

13 MR. WEEKES: Wow.

14 MR. HEART: Ethereum went from 88 dollars  
15 during the COVID dip when COVID happened -- it went from  
16 \$88 to \$5,000. Bitcoin went from 3,800 to 69,000. So,  
17 do you want to make a 2X in 15 years, or do you want to  
18 make like a 20X in a year and a half or 50X or 1,000X?  
19 These are real numbers, this is real math, this is a  
20 real chart. And look, man, I've bought the world's  
21 largest diamond with crypto. I've bought \$10 million  
22 dollars of cars, 80 percent with crypto.

23 You know, I bought \$10 million of watches,  
24 mostly crypto, and then like \$3 million of cars, all  
25 crypto. So, it's like, it's real money, man. It's been

1 around for 13 years. This is not like an experiment.

2 It's around 13 years. It's traded in the largest market  
3 in the world, Chicago Mercantile Exchange.

4 MR. WEEKES: Wow.

5 MR. HEART: I busted your intro, dawg, I'm  
6 sorry.

7 MIGUEL: No, it's all real, bro, it's all  
8 good.

9 MR. WEEKES: We have a friend, Hugh Bangs  
10 (phonetic); he bought all his cars from crypto as well,  
11 so that's pretty dope.

12 MR. HEART: Yeah, man. (Inaudible) forex  
13 training. That shit don't work. You lose all your  
14 money.

15 MR. WEEKES: He used the money from forex to  
16 buy crypto and he used crypto to buy the cars.

17 MR. HEART: That guy must have a program,  
18 because if you trade, you lose. I guarantee he's selling  
19 programs. Only -- if hear the word "forex" you're  
20 making money getting other people to lose their money.  
21 You're a referral, you're making money on referrals.  
22 Are you a crypto trader, nah. You convince other people  
23 to lose money and in exchange you've got a referral.  
24 Because you, you trade enough to lose it; now you're  
25 trading on the fake, pretending it's real. I'm telling

1     you, trading -- where do you think the money comes from  
2     in trading? Like --

3             MR. WEEKES: Seminars, courses?

4             MR. HEART: -- it's like, if you go to Las  
5     Vegas --

6             MR. WEEKES: Yeah.

7             MR. HEART: -- what do you think pays for the  
8     big buildings, the winners?

9             MR. WEEKES: Nah.

10            MR. HEART: That's the people that lost. So  
11     this building is real big. Let me get into the losers'  
12     queue to go help pay for this thing. It's so stupid.  
13     So you know, there's things that work, there's things  
14     that don't work. Buying and holding, something has  
15     product market fit like Bitcoin, Ethereum, HEX. HEX is  
16     around half as long as Ethereum now. Ethereum is 2,500  
17     days. HEX is 1,000 days old. If we -- we're almost as  
18     old as Ethereum.

19            And it catches up, the way the math works, as  
20     time goes it'll be easier for us to get a larger  
21     percentage, man. So, it's just man, don't do stuff that  
22     you don't know works. Stay away from liquor. Stay away  
23     from leverage. Don't trade. Don't gamble. If you can  
24     avoid video games, avoid it.

25            MR. WEEKES: Yeah.

1 Moe? Can you check that out real quick? Sweden, SEK?

2 Okay.

3 MR. HEART: Swedish brother, nice.

4 MR. GAINES: And then we've got some Japanese  
5 yen. 5,555 Japanese yen. Boom. HEXicans in the house.  
6 Konichiwa, Richard, Gary, Miguel, grab some HEX.com buy  
7 boom, okay? Crypto King Show thanks goes in chat by the  
8 way. And the we got Dr. HP, here with the good work  
9 from UK and HEXicans. Okay.

10 MR. WEEKES: Shout out to you all in the UK.

11 MR. GAINES: Cash should be more anonymous,  
12 goes in 90 bucks, Great British crown. RH, you the man,  
13 bro, DC Gary Elite OGs. Okay.

14 MR. WEEKES: All right.

15 MR. GAINES: Fresh & Fit, welcome to post  
16 chain fellows, and that's from Street Guru. Thank you.

17 HEX 55 Baby Ellis Fund, go hit the Pulse Chain launch  
18 button Richard Heart and let's go to the moon! And  
19 that's from Jade5555.

20 MR. HEART: You're all probably wondering what  
21 Pulse Chain is, huh?

22 MR. WEEKES: I think Miguel mentioned it  
23 earlier.

24 MIGUEL: Yeah.

25 MR. WEEKES: But it's a copy with Ethereum for

1 free.

2 MR. HEART: If you got Ethereum and the coin's  
3 out there for Ethereum itself, you get a free copy of  
4 everything on a new chain. You ain't got to do nothing.

5 It's free. With lower fees, high through-put, doesn't  
6 blow up the environment. It doesn't have any inflation.

7 It burns 25 percent of all the fees. It just keeps  
8 getting more and more rare.

9 MR. GAINES: Okay. Supply and demand.

10 MR. WEEKES: Wow. But I will say this. So,  
11 everyone that's in HEX, for the most part, makes money,  
12 because they spend money like crazy, man.

13 MR. HEART: Yeah.

14 MR. WEEKES: So that got cool money. I'm like  
15 God damn.

16 MR. HEART: At the club, especially.

17 MR. GAINES: Richard is the GOAT. He gave me  
18 the opportunity to create generational wealth and I was  
19 able to capitalize. Much love, brother. And that's  
20 from YashD (phonetic). Changes lives out here. And  
21 then Apple Ace, what's a good program to edit videos and  
22 content? I don't know, bro. Matthew Overson goes, did  
23 I just see Richard on a poll on Miguel's story? Yes. I  
24 guess so.

25 MR. WEEKES: Yeah, he knows tricks on the

1       evened out all the money in the world, and gave everyone  
2       the same amount, the rich people get rich again, the  
3       poor people get poor again. Because it's the behaviors  
4       that generate that.

5               MR. WEEKES: It's the mindset.

6               MIGUEL: Yeah, it's the mindset.

7               MR. WEEKES: Absolutely. Yeah, I'm now going  
8       to let Richard -- I'm just going to pause before I say  
9       it. I could listen to you talk forever, of course.

10              RICHARD: Next change, bro.

11              MR. GAINES: All right, where were we at.  
12       Richard is the only person in crypto who isn't scamming  
13       you. HEX is better than Bitcoin and Pulse Chain will  
14       make more millionaire/billionaires than Ethereum and  
15       others before it. Okay.

16              MR. WEEKES: There you go.

17              MR. GAINES: Joseph93 goes, a shout out to my  
18       boy, Tyler. Got him on Fresh and Fit, and now on to  
19       HEX. Richard Heart, take us to the moon. Okay. And  
20       then cheers, HEXicans, 5555, all right. My HEX. And  
21       that's again, from Stacy and Moore, NOK. Is that  
22       Norway?

23              CHRIS: It's Norwegian.

24              MR. GAINES: Yeah. There we go.

25              CHRIS: Chocolate Norway.

1 not bad.

2 MR. GAINES: Yeah.

3 MR. HEART: It's not bad. HEX did -- well,  
4 actually HEX didn't do better, but staking did better.  
5 But we only did a 10,000X so far; we're only 1,000 days  
6 old.

7 MR. GAINES: Yeah.

8 MR. HEART: Bitcoin is a lot older. So, if --  
9 another thing that I can teach you generally is, if you  
10 have some product market fit that dips a lot, consider  
11 dollar cost averaging. That's his name, Dollar Cost.  
12 Because if you can 10X your stack, for just doubling the  
13 money you put in, which is what you get on a 90 percent  
14 dip, that's pretty nice, man. And if something has got  
15 product market fit and the fundamentals are there,  
16 you're onramping the users, you're getting more  
17 adoption, you're adding a little bit more features that  
18 are the fiat honor apps are coming, it's getting better.  
19 There's only 100,000 HEX stakers, man.

20 MR. GAINES: Yeah.

21 MR. HEART: While everything else in the world  
22 is failing, we've only got 100,000 HEX stakers. I'm  
23 telling you man, I believe that number will go up and I  
24 see it going up. 100 -- 200 people every day. I think  
25 it's like maybe 180 people a day or something. He might

1     stable, man. A lot of these girls are on anti-  
2     depression medication. So if you go up and you  
3     introduce and you're not like a weirdo or whatever and  
4     she acts like a raging bitch, fuck her, she has issues.

5             MR. WEEKES: Exactly. Sure enough.

6             MR. GAINES: All right, cool. So guys, where  
7     can people find you, real quick, you all?

8             MR. HEART: Tonight we'll be found wherever  
9     pretty girls are, wherever that is.

10            MR. WEEKES: We got you, bro, you'll be going  
11     out.

12            MR. WOODS: Yeah. Yes, we are. All of us.

13            MR. GAINES: And then Miguel, what about you?

14            MIGUEL: Well --

15            MR. HEART: Let me ask --

16            MIGUEL: Go ahead.

17            MR. HEART: -- free self-help books,  
18     (inaudible) SCI vibe, or you could Google, or like go on  
19     YouTube, search SCI vibe. It's an audio book, SCI vibe.

20            MR. WEEKES: We'll put it in a note below.

21            MR. HEART: Yeah, and then HEX.com, 10,000X  
22     performance, two years, perfect flawless thousand day  
23     uptime.

24            World's first time deposit on the blockchain.

25     And we've got Pulse Chain.com, world's largest free air

1 drop.

2 And we've got RichardHeart.com, you know,  
3 world's biggest diamond. \$10 million of watches. \$3  
4 million of cars. And then longevity, I raised \$27  
5 million for medical research, so SCNS.org is the  
6 foundation that I raised that money for.

7 MR. WEEKES: Yo, we've got Ivan in the chat --  
8 \$500 bucks, live on the air. He says, "See you in  
9 Vegas," Richard.

10 MR. HEART: Shout out to you, man.

11 MR. GAINES: Pulse com baby.

12 MR. HEART: Oh, my goodness.

13 MR. GAINES: And all the links -- all the  
14 links are below, guys, as well, for the members of the  
15 panel.

16 MR. WEEKES: Shout out to Ivan, man.

17 MR. GAINES: Anything else?

18 MR. WOODS: So my shout out is, I'm known as  
19 Funding Gym. That's just my brand name, my company, F-u-  
20 n-d-i-n-g G-y-m. Funding Gym.

21 MR. HEART: Yeah.

22 MR. WOODS: So I'm founding all those social  
23 platforms if you find me. But I'm Gary Woods. Like I  
24 said, I came out of retirement because I'm supporting  
25 the crypto project, product of HEX. I love this

1 met each other in the real world.

2 MR. GAINES: Oh, really?

3 MR. HEART: First time ever.

4 MR. WEEKES: And for me, personally, thank you  
5 Karim for getting me to HEX, and also Miguel. And to me  
6 the founder is fucking amazing.

7 Shout out to you Richard, man. You're a great  
8 guy. I actually like you, man. Shout out to you.

9 MR. GAINES: Cool. So guys, we'll be back  
10 here in a few minutes. We're going to do Bigger Pockets  
11 here in a second, man. It's going to be lit. We'll  
12 catch you guys. Check out all the guys linked below,  
13 man. Be right back. Peace.

14 MR. WEEKES: Peace.
